EG 11000/DST-E

Designed to provide efficient power generation with low noise, EG 11000/DS(T)-E is a reliable and quiet power solution in an increasingly power reliant world. Silent diesel generators have become reliable in various industries such as hospitals, clinics and houses, due to their silent feature. With low maintenance and a compact design, the EG 11000/DS(T)-E delivers sufficient power, whether you require a single or a three phase generating set, to meet your needs.
